

PRA Tuesday Night Analog Net Script v1.8

Good evening, and welcome to the Tuesday Night Parker Radio Association Analog Net, sponsored by the Parker Radio Association. The Parker Radio Association, where we play radio, have fun, and keep the squelch loose. Thanks for joining us tonight. Our net tonight operates on the W0CFI repeater and we thank Don, W0CFI for letting us use the repeater.

This is <callsign> and my name is <first name>, and I am located in <City> and I will be the Net Control station this evening. Is there an operator on frequency that can act as the Backup Net Control station? (**Acknowledge callsign and thank them**). This is a directed net, please direct all traffic through Net Control.

During the net, stations with emergency or priority traffic may so indicate at any time by stating “emergency” and their call sign. The Net will be suspended while the emergency traffic is handled.

This PRA Analog Net meets every Tuesday night at 8:00pm MST, except when we have our monthly face-to-face meeting (see calendar at Parkerradio.org). You do not have to be a member of the Parker Radio Association to participate in tonight’s net; all visitors, newcomers, and other clubs are welcome to check in. I will now take check-ins from PRA club officers and Committee Chairs, followed by general check-ins.

Any PRA officers and Committee Chairs wishing to check-in please do so now and indicate if you have PRA club officer or Committee Chair traffic for the Net. **Assume that all officers & Chairs have shack reports, and put them ON THE BOTTOM OF THE GENERAL CHECK-IN LIST.**

Acknowledge PRA officer & Chair traffic and clear Officer/Chair Traffic

Please keep in mind that this net is participatory net, so try not to check in “for the count”. After check-ins, we will go through the list and everyone will have the opportunity to let us know what is going on in your “shack” or “Ham” radio world in general (new radios, new antennas, software, wish list, etc.). Amateurs wishing to check-in please give your callsign with standard ITU phonetics, your name and location - slowly.

We will now take check-ins from mobile stations.

We will now take check-ins from all amateurs.

NOTE: Net control can also pose a question for the net

- A. Stations with call-sign suffixes Alpha through Foxtrot.
 - a. Please call now.
- B. Stations with call-sign suffixes Alpha through Lima.

PRA Tuesday Night Analog Net Script v1.8

- a. Please call now.
- C. Stations with call-sign suffixes Alpha through Romeo.
 - a. Please call now.
- D. Stations with call-sign suffixes Alpha through Zulu.
 - a. Please call now.

We will now go through the check-in list.

Go through the 1st check-in list and have participants tell the net what is going on in their “shack” or “Ham” radio world in general (new radios, new antennas, software, wish list, etc.)

2nd check in opportunity. Go through additional check-ins.

Final Announcement ---

Does anyone wish to announce upcoming activities or events that would be of interest to the group?

We would like to thank all amateur participants in the Net this evening

Backup Net Control, I show XX check-ins, do you concur?

There were ___ Check-ins for this evening’s Net.

For more information on any of the PRA nets, please be sure to check out the Parker Radio Association website at www.parkerradio.org. Have a great evening and we welcome you back next time. We will stand by for any informal exchanges. This is <callsign>, your Net Control station, returning the repeater back to general amateur use at XX:XX hours local time. 73, <call sign>.
